Annual Tuition and Fees

Enrollment is for the entire school year.

Annual tuition includes 36 weeks of instruction.

Students are invoiced on an annual basis. Payment will be collected in one of the following ways:

1. Tuition may be paid in full. Tuition paid in full by August 15 is discounted 5%.
2. Tuition may be paid in three quarterly installments on August 15, November 15, and February 15.
3. Tuition may be paid in monthly installments. Monthly installments are automatically deducted from a credit card left on file.

You must contact the office at the start of the school year to set up a monthly payment plan. Because summer lessons are billed separately from the school year, you will also need to contact the office at the start of summer session to arrange a payment plan.

Summer tuition is billed separately from the school year, and initial payment for summer lessons is due June 15. If you take more summer lessons than what you originally scheduled, you will receive a finalized summer invoice in September.

If a student discontinues prior to the end of the school year, an early withdrawal fee of \$150 will be assessed. Discontinuation is effective on the date that a student submits written notification to the front office. Under no circumstances will tuition be retroactively refunded or credited. Students are responsible for notifying the office of discontinuation in a timely manner.

Tuition is prorated for students enrolling after the start of the school year. Please refer to our General Policies and Procedures for more information about enrollment and refund policies.

Chamber Music is a program enrollment charged at a flat rate, and is not prorated based on start date.

Pasadena Conservatory of Music admits students of any race, color, national/ethnic origin, gender, sexual orientation, age, religious affiliation, and ability. It does not discriminate in its admission, retention, financial aid, scholarship, educational policies, or school administered programs.
